

COUNTY CORRESPONDENCE

LIBERTYVILLE ITEMS.

Corn gathering is the order of the day now. Roy Presnel and Will Kinross of Flat River visited here Sunday. Little Christina Banes has been suffering the past week with a severe attack of bronchitis. N. C. Sebastian of Montana was called here last week on account of the serious illness of his little sister, Pearl. Miss Barbara Belkin returned home from St. Louis Saturday, and will remain here. We welcome her back among us again. Mrs. Earl Thompson of St. Louis visited her cousin, Mrs. G. N. Baker, here last week. Mrs. Mary Phillips of Plum Branch accompanied her. Mrs. J. W. Russell of Flat River is staying with her father and mother, Mr. and Mrs. J. B. Keith, Sr., until Mr. and Mrs. P. G. Keith return from Texas. Mr. and Mrs. J. C. Mitchell of Fredericktown visited Mrs. L. J. Mitchell a few days this week, and John was trying his luck at shooting quail. Mr. J. C. Williams will leave in a few days for Canada. He intends to remain there about two months looking at the country, with an idea of locating there if the country suits him. Little Pearl Sebastian, who lingered so long with typhoid fever, died Tuesday. Funeral services were conducted at noon Wednesday, at the M. E. church, by Rev. B. W. Bynum, after which all that was mortal of this bright little child was laid at rest in the Harris cemetery. Our sympathy is extended to the bereaved family in their deepest sorrow. F. L. H.

A Good Liniment

When you need a good reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep rest possible. For sale by E. M. Laskman.

AVON GOSSIP.

Monroe Smith we learn departed for Charleston last Monday for a stay. Miss Millie Boyd went to Farmington one day last week to remain for a while. The telephone company is beginning to think. Their money of \$700 will fall short of completing the line and getting it in serviceable order. Several of our people had business in court at Ste. Genevieve last week. Report says that some of them took a nip, possibly to give their appetites an edge. Corn is considered a good average crop through here, although the oats crop was a failure. With a good hay crop in store the farmers generally feel able to meet the occasion. Thanks to neighbor "Felix" for the manifestation of interest in "Black" items, also in "Dick" himself. As to how often we will come, we can't tell; otherwise, if we should be led upon Paradise cake, as a writer of another paper (yet we never saw any of it), we may prove very wearisome, as we have a good supply of fine taggots to give us light the long winter nights. Zeno Boyd we learn has contracted with an Eastern company for eight months sawing. He will locate his mill about 8 or ten miles northeast of this place, in the pinery. Zeno is out nothing but his own labor, gets \$7.00 per day and a house to live in, and a sufficiency of hands to run the mill. This is a good layout and we are glad to see Zeno get advantage of it. The newly organized telephone company of this place and Coffman are getting busy in the construction of their line from Avon to Farmington via Coffman. The president, C. H. Blackledge, one of our most influential, up-to-date and progressive farmers, together with other prominent men of his calling, have exerted a powerful and active influence in securing stockholders and effecting its organization, and we feel sure that commendable results will follow their efforts, and the promoters will not fall short of the appreciation which they so justly deserve from the public in establishing this convenient enterprise. Doubtless we can carry the hypothesis still further and conclude that nothing deteriorating, to mar its present usefulness, will be of long standing while in the hands of its present manager, H. E. Boyd, who is on the market as a ready hostler. Dick

Do You Suffer From Kidney Troubles? We guarantee one bottle of Smith's Kidney Remedy to benefit or cure, or your druggist will refund your money. Price 50 cents. E. M. Laskman. Sikeston is to have a new machine shop that will cost \$6,000 and employ about ten men.

ESTHER ITEMS.

Mrs. J. R. Welch spent last Tuesday at Elvins. We are glad to note that our sick folk are convalescing. O. W. Hoy of Salem neighborhood was here Tuesday on business. John Edwards visited friends in Ste. Genevieve County, Saturday and Sunday. Mr. and Mrs. Walter Kernan and son, Virgil visited at Farmington Sunday. Miss Laura Burgess of Oakland is here as the guest of her sister, Mrs. John Buxton. Miss Emily Cunningham has a very painful foot caused by being burned with hot coffee. Rev. and Mrs. Thomas Lord were guests of Mr. and Mrs. Kennet Radden of Alnedge Sunday. Mrs. John Robinson of Doe Run, is here as the guest of her daughters, Misses Blanche and Sallie Moon. Miss May Hughes of Flat River was over a few hours Wednesday to see her sister, Mrs. Andrew Stricklett. Mrs. Nora Eggers, went to Potosi after her little son Henry, who has been staying with Mrs. J. W. Algure the past several weeks. Prof. Hunt and Miss Ida Hoy of Desloge and Miss Dora Hoy of Franklay, were guests at the home of Mr. and Mrs. J. B. Thomsen Sunday afternoon. OPAL.

CARLETON COLLEGE NOTES.

Rev. I. V. Maxey is on the puny list this week. Gideon Dowell is a new student at Carleton College this week. Rev. Carl Stevenson, a last year's graduate, is in charge of the Advance circuit. Rev. Brooks conducted the Y. M. C. A. devotions in chapel last Wednesday morning. Miss E. A. Carleton is visiting Rev. K. T. Boyd and family, and expects to remain for some time. Miss Majme Coffey and Miss Blanche Son, both former students, were present chapel visitors. D. D. Gregory, a former student of Carleton College, is now first lieutenant of a regiment of U. S. cavalry. The two literary societies seem to be getting their war-paint well mixed. The probabilities are that within the next few weeks a long series of intersociety conflicts and contests will have begun. The Kappa Lambdas gave a reception to the students and faculty of Carleton College last Monday evening. The affair was a pleasant one, highly enjoyed by all present. Games of various kinds were the order of the evening, followed by light refreshments. Considerable interest has been aroused over the matter of trisecting an angle, one or two claiming to have discovered the process, but the processes thus far brought forward have been "swigged in the balances and found wanting." Funke notices were a feature of the chapel hour one day this week, when Prof. Glover distributed some fore-runners, warning certain ones that unless the grade of work was greatly improved a passing grade could not be made at the final examination. The date of the Carleton-Marvin football game has been changed from Thursday, November 14, to Saturday, November 16, owing to the fact that Marvin could not play on Thursday, and the Carleton team was forced to play Saturday, as it was the only date given by Marvin that our team could play before the game with the Cape, November 21. The game will be called at 2:30 p. m. on the Carleton Athletic Field.

A Reliable Remedy For Croup.

With the dry, cold weather of the early winter months, parents of croupy children should be on the alert for ominous symptoms. There is no cause for anxiety, however, when Chamberlain's Cough Remedy is kept in the home. If this medicine is given as soon as the child becomes hoarse or even after the croupy cough has appeared, the attack may be warded off. Mrs. S. Rosenthal, of Turner, Michigan, says: "We have used Chamberlain's Cough Remedy for ourselves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale by E. M. Laskman.

Two boys named Loris Mither and Willie Burnham were out hunting near Poplar Bluff on the 10th, when the latter accidentally shot the former and was frightened so that he ran away and left him. The wounded boy was found later, and was carried home, where he died in ten minutes after he reached there.

Imported horses, your choice \$1,000; home-bred horses \$300 to \$700; Hart Bros., Osceola, Iowa

BUSINESS COLLEGE NOTES.

Wm. Beard of Womack was an interested visitor Monday. Miss Nellie Cunningham visited us Tuesday and inspected our work in the different departments. Miss Tessie Hunt, who was unavoidably detained from school a week or more, has again resumed her studies. Thomas Wood, one of last year's students, now bookkeeper for Tetley-Klein Lumber Co., was an interested caller Monday night. Our Second Football goes to Boone Terre Saturday, 16th inst., where it plays the Boone Terre High School and of course expects to win. The Bookkeeping students have begun the actual business and office bookkeeping work, in which they are performing regular business transactions. Miss Maggie O'Sullivan, who recently went to DeSoto to teach in the Shortland Department, writes that she is pleasantly located and pleased with her work. Our First Football Squad has arranged a game with the Jackson Military Academy, to be played on Thanksgiving day at Jackson. The First Squad is also planning to play a game with the Flat River Team sometime next week in Farmington. Our Second Football Team met the Flat River High School Squad on the Doss Field last Friday afternoon and won with the "top heavy" score of 42 to 0. The game was well and cleanly played and was a much better game than the game would indicate. While all of our men did credit to themselves, those making the most touchdowns and carrying the ball furthest, were Herman, Trauernicht, Meslin and Young. The Flat River Team is composed of gentlemanly young men, who were accompanied by Superintendent Johns and Prof. Loomis.

Smith's Kidney Remedy

The only guaranteed kidney remedy. Buy it—try it—it costs you nothing if it fails. Price 50 cents. E. M. Laskman.
